sessions, consolidated registration, and access for registrants to all Multi-conference activities hosted at the [Grand Cevahir Hotel and Convention Center](#) in [Istanbul, Turkey](#).

The 2009 Summer Simulation Multiconference (SummerSim'09) is an annual conference sponsored by The Society for Modeling and Simulation International which covers state-of-the-art developments in computer simulation technologies, as well as scientific, industrial, and business applications. Areas covered include high-performance computing technologies, models and algorithms, GUI visualization technologies, communications and much more. Application disciplines covered include advanced telecommunication; computer systems; military, government & aerospace; energy, and other industries. The conference includes keynote speeches presented by technology and industry leaders, technical sessions, professional development courses and seminars, as well as vendor exhibits. Scientists, engineers, managers, educators, and business professionals who develop or use simulation tools are invited to participate and present original papers. Proposals are solicited for papers, panels, tutorials, workshops, seminars, exhibits, social activities and for other presentation, discussion and sponsorship formats. People are always welcome to benefit by taking an organizing role. SummerSim'09 offers many ways to promote simulation products and to enhance corporate images. You are invited to use the Summer Simulation Multiconference in ways that best serve your interests.

SummerSim'09 will include invited speakers, quality refereed papers, timely topical workshops, joint plenary sessions, consolidated registration, and access for registrants to all Multi-conference

activities.

Exhibits

SummerSim'09 provides Corporate Members and other vendors, offering products and services compatible with the technical program, a low-cost opportunity to display on a tabletop or with free-standing equipment. The program provides specific time blocks designed to enhance vendor contact with attendees who are eager to learn about new products for simulations and simulators. For Exhibit Information, contact the [Exhibits Chair](#).
