

Maintaining A NATO Simulation Capability For Joint Training At All Levels

2013 NATO CAX FORUM
1-2 Oct 2013

Will Belue, CSL Operations Manager

 Lawrence Livermore
National Laboratory

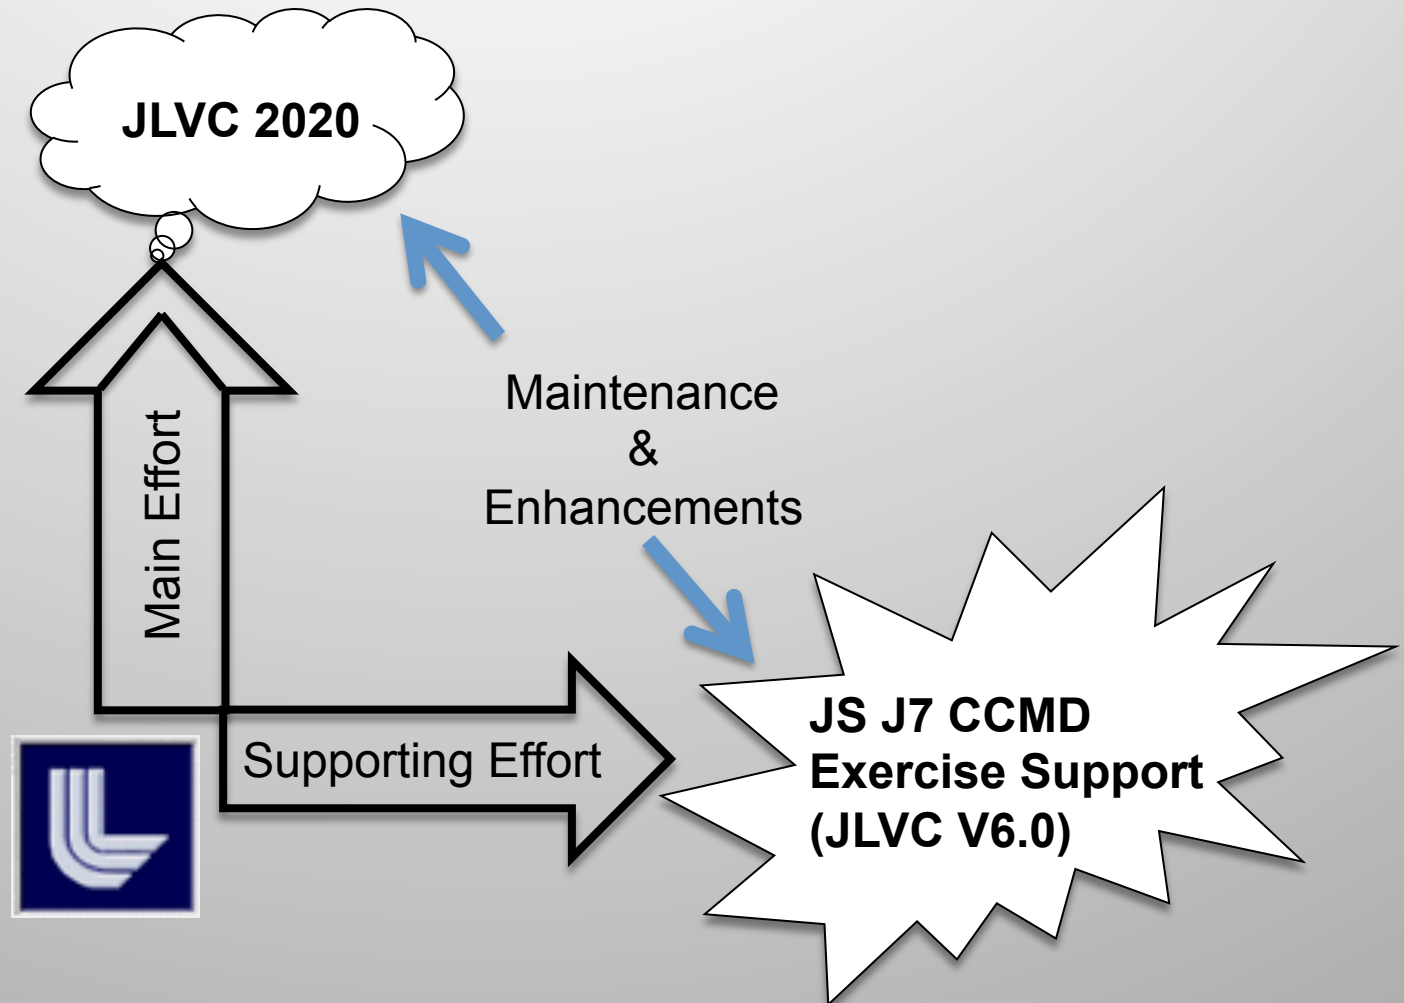

LLNL-PRES-644420

This work was performed under the auspices of the U.S. Department of Energy by Lawrence Livermore National Laboratory under Contract DE-AC52-07NA27344. Lawrence Livermore National Security, LLC

Today's Topics

- **Direction from JS J7**
- **Lawrence Livermore National Laboratory (LLNL) Constraints**
- **Options for JCATS Development**
- **Ways of Funding JCATS Development**

Direction from JS J7

Lawrence Livermore National Laboratory (LLNL) Constraints

- **LLNL is a Department of Energy National Laboratory**
 - **Government Owned, Contractor Operated**
 - **Per government regulations funding is required up front before work can begin**

- **JS J7 is the JCATS model proponent and provides LLNL with funding and guidance**

Options for JCATS Development

- **Limited enhancements can be developed through FMS funds**
 - **Only if countries continue their FMS JCATS Support Contracts**
- **Specific enhancements can be provided with additional funding to LLNL**

Ways of Funding JCATS Development

COA - 1:

Provide LLNL with funding through a U.S. sponsor

COA - 2:

Amend LOA/FMS case to provide development and funding

COA - 3:

Sign contract with LLNL and send funding directly to LLNL via wire or check
